

1. K-Love is a constant power of God to our local community and to our children.
2. If we loose K-Love our children and community would not have the power of the Holy Spirit avalible constantly. There are several people in our rual area that need K-Love!
3. K-Love is the backbone of our commuity and the strength that is given to us from God. It serves such a large area of Upstate NY that is under constant stress from tax increases, school closings and unemployment. We NEED K-LOVE!
